Philanthropy
Pat Fordosi & Marge Palik

Thanks for all the members who helped make Christmas much brighter for the numerous children that we adopted, and for the groceries and gift cards given to several families. A special recognition to Vicki, who donated a built in oven and stove to one of the families. This is a gift that will keep on giving all through the year and for many more. I believe helping needy families makes us all share in the true meaning of Christmas.

Our next focus will be on our annual donation to one of the local schools. Details to follow at the next meeting. Happy New Year!
